

PERFECT FIT

FINDING THE RIGHT SIZE

We would like to help you select the right size. Most women actually buy the wrong bra size! To make sure that this does not happen to you, please take measurements as described below:

1. Upper bust

Place the measuring tape around the widest point of your bust. The cup must enclose the bust at both the side and neckline without restricting.

2. Underbust

Place the measuring tape directly under the bust. The underbust band should not cut in.

3. Waist

Hold the measuring tape horizontally and comfortably around the waist without cutting in.

38/85 C

Cup size

Bust measurement 1 minus Underbust measurement 2 = Cup size

for example.: 102 cm - 85 cm = 17 cm = Cup C
40,2 ins - 33,5 ins = 6,7 ins = Cup C

10-12 cm (3.9-4.7 ins)	Cup AA	20-22 cm (7.8 - 8.7 ins)	Cup E
12-14 cm (4.7-5.5 ins)	Cup A	22-24 cm (8.7 - 9.5 ins)	Cup F
